About Industry

A high increase in demand for corrugated packaging is anticipated due to rapid industrialization in developing economies, environmental sustainability and cost benefit associated with corrugated packaging. The rising usage of corrugated boxes in the delivery of fresh food and beverages, logistics, electronic goods, personal care, and home care is propelling the growth in the global market. Asia-Pacific continues to be the fastest growing market for corrugated packaging, followed by Europe and North America. In recent years, several nations in Latin America have seen a remarkable growth in demand, owing to the increasing industrial production in these regions.

To meet the growing demand for international quality packaging, Corrugated packaging manufacturers in India are speedily moving on the path of modernization – adopting evolving technologies, installing high speed automatic machines, ensuring quality assurance and incorporating management systems and techniques for efficient operation of the plants.

THE Growth Indicator

The Corrugated Board Packaging Market size is estimated at **USD 189.83 billion in 2024**, and is expected to reach **USD 228.64 billion by 2029**, growing at a **CAGR of 3.79%** during the forecast period (2024-2029).
